

## Rural Tribal Priority Window Filing Instructions

Application(s) for the Rural Tribal Priority Window must be filed through the Universal Licensing System (ULS). ULS may be accessed at <https://www.fcc.gov/wireless/systems-utilities/universal-licensing-system>.

In order to access ULS, the user must have an FCC Registration Number (FRN). To obtain an FRN or update an existing FRN, click on “New User Registration” on the ULS homepage (see Image 1 below). Follow the online prompts and continue through each screen until the FRN has been obtained or updated. Note: For assistance, contact the FCC Support Center at (877) 480-3201, option four; TTY: (202) 414-1255. To provide quality service and ensure security, all telephone calls are recorded.

Once the FRN has been obtained or updated, return to the ULS homepage and click on “File Online” (see Image 1 below).

Image 1

Clicking “File Online” will take you to the License Manager (see Image 2 below). Enter your FRN and Password. Click Submit. ULS will verify that you have entered a valid FRN and password. If invalid, ULS will display an error message.

Image 2.

**FCC** Federal Communications Commission

**License Manager**

FCC > Wireless > Licensing > Online Systems > License Manager

**Log In** [Help](#)

Log in to the License Manager to view and manage your licenses and applications, apply for a new license, and perform other license and application management tasks based on your FCC Registration Number (FRN). 10-digit FRN is required.

**PLEASE NOTE:** Per Public Notice [DA 15-72](#), the FCC no longer mails license authorizations. If you provide an email address on your application, an official copy of your license will be automatically emailed to you after the application has granted.

FCC Registration Number

Password

**SUBMIT**

▶ **Forgot your password?** [Contact Tech Support](#)  
 ▶ **Need an FRN?** [Register with the FCC](#)  
 ▶ **Not sure if you have an FRN?** [Check your licenses](#) to determine if they've been assigned an FRN  
 ▶ **Are you a certified Land Mobile frequency coordinator?** [Log in](#) using your coordinator login and password  
 ▶ **Are you narrowbanding a Land Mobile license?** [Log in](#) using your access code

**About the FCC Registration Number (FRN)**

An FRN is a 10-digit number that is assigned to a business or individual registering with the FCC. This unique FRN is used to identify the registrant's business dealings with the FCC. The FCC will use the FRN to determine if all of a registrant's fees have been paid. You are encouraged to register with the Commission as soon as you expect to do business with the FCC. This way, you will be ready to access any of the electronic licensing systems without having to go through the registration process at the time you submit an application.

For more information, see [Public Notice DA 01-2452](#).

Clicking on “Apply for 2.5 GHz Tribal Priority License” will launch a new application. Complete the questions on the pages as they appear, following the onscreen prompts and instructions. Use the buttons at the bottom of each page to continue to the next page or go back to the previous page.

Please enter your Applicant Information (see Image 4).

*Real-party-in-interest* (see Image 4). A real-party-in-interest is a person who “has an ownership interest, or will be in a position to actually or potentially control the operation of the station.” To be eligible to apply in the Tribal window, the applicant must be a federally recognized American Indian Tribe or

Alaska Native Village, or an entity that is majority-owned and controlled by one or more federally-recognized Tribes or Alaska Native Villages. Thus, if a Tribe or Alaska Native Village is applying on its own behalf, this question should be left blank. If the applicant is a consortium of federally-recognized Tribes or Alaska Native Villages, the applicant should list each member of the consortium. If the applicant is an entity majority owned and controlled by one or more Tribes or Alaska Native Villages, the applicant should list all of the Tribes(s) or Alaska Native Village(s) which hold majority ownership and control of the applicant.

Race:

- ☐ American Indian or Alaska Native
- ☐ Asian
- ☐ Black or African American
- ☐ Native Hawaiian/Pacific Islander
- ☐ White

Ethnicity:

Gender:

[CLEAR](#)

Please enter your Contact Information.

On the General Information page, the selection for Regulatory Status is prefilled to display non-common carrier, Type of Radio Service is prefilled to display “Fixed” and “Mobile.” and Interconnection is

prefilled to display “No.” Review the prefilled selections; you can change the prefilled selections, if needed. Your selection here does not limit your future use of the spectrum.

Each applicant must upload an exhibit demonstrating its eligibility for the 2.5 GHz Rural Tribal Priority Window and its compliance with the “local presence” requirement.

On the Application Information page, please answer the question regarding whether the applicant is requesting a rule waiver. If the answer to this question is “yes,” then the Attachment question is defaulted to “yes” and cannot be changed, because the applicant must upload an appropriate attachment justifying the waiver request.

Any exhibits to be attached to the application in response to a question on the FCC Form 601 or as specified in the Commission’s rules or in this Public Notice should be added using the “Attachments” link. Click on “Attachments” link at the top of the page (see Image 5 below). This link will take you to the “Add Attachment” page (see Image 6 below). Select the appropriate attachment type from the pull-down menu in the text box provided, browse for your file, add a description and click on the “Add Attachment” button. ULS will accept many different types of computer files. Do not add password protection to the attached files. After the attachment(s) is added, click on “Return to Application” button. **Please note:** The Contact Information page is the first screen where attachments may be added. Attachments, however, may be added at any time during the application process but must be added prior to submitting.

Image 5.

The screenshot shows the 'Application Information' page of the FCC application portal. At the top, there is a navigation bar with links: Attachments, Reference Docs, FCC 601 Privacy Act, Out Application, and Help. The main content area is titled 'Application Information' and contains two sections: 'Rule Waivers' and 'Attachments'. The 'Rule Waivers' section asks 'Does this application request a Waiver of the Commission's Rules?' with a dropdown menu set to 'No'. Below it, a note states: 'Note: If "Yes", attach an exhibit providing rule number(s) and explaining the circumstances.' The 'Attachments' section asks 'Are attachments being filed with this application?' with a dropdown menu set to 'Yes'. At the bottom of the page, there are two buttons: 'BACK' and 'CONTINUE'. On the right side, there is a 'Steps' sidebar with a list of 10 steps: 1 Applicant Information, 2 Contact Information, 3 General Information, 4 Application Information (highlighted), 5 Alien Ownership Information, 6 Basic Qualification Information, 7 Channel Group Selection, 8 Market Information, 9 Summary, and 10 Certification. Below the 'Steps' sidebar is a 'Common Questions' section with two links: 'Q: When should I answer "Yes" to the Exempt from FCC Application Fees question?' and 'Q: When should I answer "Yes" to the Waiver/Deferral of Fees question?'.

If your regulatory status is common carrier, you must answer the questions on the Alien Ownership Information page.

Please complete the Basic Qualification Information.

2.5 GHz Rural Tribal Priority Window Market Information (See Image 7 below). From this screen you will identify the Eligible Tribal land for which you are applying. The Commission has created shapefiles for each Eligible Tribal land.

In Alaska, all land (except for a limited amount of land contained in urban areas) is eligible rural Tribal land because the land covered by the Alaska Native regional corporations are “regions established pursuant to the Alaska Native Claims Settlement Act.”<sup>1</sup> The Commission shapefiles include shapefiles for Alaska Native Village Statistical Areas and larger shapefiles for the land covered by the Alaska Native regional corporations. The listing of these by Alaska Native regional corporation name does NOT imply that those regional corporations are eligible entities for purposes of filing in this Window, nor does it imply that any eligible entity can necessarily meet the local presence requirement to apply for an entire region. Alaska eligible entities must demonstrate local presence over the land for which they apply. Thus, Alaska Native Villages are not limited to their statistical area, but can apply over rural land for

<sup>1</sup> As noted in the Public Notice, the Alaska Native regional corporations are not eligible to apply in the Tribal Priority window because they are not entities “owned and controlled by a federally-recognized Tribe or a consortium of federally-recognized Tribes.”

which they can demonstrate local presence and commit to meet build out requirements. Thus, a custom shapefile may be required with the application. To view or download a shapefile prior to filing your application, go to <https://us-fcc.app.box.com/s/fofbkwy5lxo6q8kq94i5bg8raob5gpui>.

To select a Commission-created shapefile, click on the select a shape file from the FCC’s map. Select one Eligible Tribal Area Click Upload File. The selection will be uploaded to the map.

Image 7

To upload a shapefile that you created on your own, click the upload a shapefile from my computer button and click “browse” to browse your computer to select the shape file that describes the Tribal area to be licensed. Select the Shapefile. Click Open. Click Upload File. Wait for the file to load. **Please Note:** Your shapefile must be within an Eligible Rural Tribal Land. Depending on the size of your shapefile and the speed of your connection, uploading or deleting shapefiles may take more than a few moments to complete. **Do not** interrupt the upload or deletion, **do not** use your browser’s back button, and **do not** quit the application until your file is loaded or deleted. Please remain on the market information screen until the process is complete. If the map does not display correctly or there is an “invalid” status, it may mean that something is wrong with your shapefile (see Image 9 below). You may click delete to remove a shapefile, but a new valid shapefile must be uploaded in order to file your application. **Please note:** If you are applying for an area for which there is not an uploadable shapefile, you must describe the area in your local presence or waiver attachment and upload your own shapefile. Applicants are reminded that any shapefile that is not limited to eligible, rural Tribal lands must be accompanied by a request for waiver.
